

AN EXCELLENT CHOICE FOR SCREEN AND RECOATS

WORLD CLASS 450 COURT & GYM FINISH

PoloPlaz World Class 450 Finish is formulated to protect all types of hardwood sports floors, including gym, aerobic, dance and stage floors.

With 50% solid content, it is an excellent choice for screen and recoats. The extra build minimizes swirl marks. It applies easily with standard applicators: lambs wool, EZ Way, Padco, etc.

Coverage:

- 500 sq. ft. per gallon

Application:

- Low ambering
- Low viscosity for use with E-Z Way applicators
- Non-offending odor

Formulation:

- Solids: 50% (Polyurethane/Oil Resin)
- Flash Point: $>104^{\circ}\text{F}$
- Solvent: Mineral Spirits (petroleum distillates)
- Shelf Life: 1 year
- Available In: 5-gallon cans

Tips:

- Use heat and ventilation to control cure, especially in low temperature or high humidity conditions
- Use Super Dry in sealer, paint and finish in poor drying conditions and to avoid polyballs
- Never skip more than 1 grit size when sanding
- Tack with mineral spirits on bare wood; subsequent coats with water

Despite its high solids content, PoloPlaz World Class 450 Finish is formulated for low viscosity and smooth flow. No special thinners or primers are required.

World Class 450 is MFMA approved and highly recommended for use on any multi-purpose sports floor. It is ideal for use on new installation or screen and recoat jobs.

Use For:

- Basketball courts, dance floors, gyms, stages
- High profile courts, discriminating architects
- New installation, resand, or screen/recoat

USED ON MANY NBA AND MAJOR COLLEGE SPORTS FLOORS

Use Fast Break Game Line Paints With World Class 450

- HIGH SOLIDS FOR EXTRA BUILD
- LOW AMBERING, LOW VISCOSITY, LOW ODOR
- DEEP PENETRATING, HIGH QUALITY FINISH
